Lemozi Test Token Whitepaper

1. Introduction

The Lemozi Test Token is a utility token designed exclusively for use within our gaming ecosystem. This token is purely experimental and holds no real-world monetary value. It serves as a test asset to facilitate development and in-game functionalities.

2. Token Overview

- Token Name: Lemozi Test Token
- Token Type: Utility / Test Token
- Maximum Supply: 19,981,981,998 tokens
- Initial Circulating Supply: 1,998 tokens
- Token Release Period: 19 days
- Daily Release Amount: Approximately 1,051,684,1052.63 tokens per day
- Release Start Date: August 1, 2025

3. Token Release Schedule

The total supply of tokens will be gradually released over 19 days starting from August 1, 2025. Each day, approximately 1,051,684,1052.63 tokens will become available, until the entire maximum supply is in circulation.

4. Token Burn Mechanism

After the complete release of all tokens, a burn event will occur over the next 19 days to reduce the circulating supply to 19,981,998 tokens. Approximately 1,051,578,9473.68 tokens will be burned daily starting immediately after the full token minting concludes.

The remaining token supply after the burn will be fully allocated to in-game purposes.

5. Important Notes

- This token will never be listed on any decentralized exchange (DEX) or centralized exchange (CEX).
- It is strictly a test and utility token for development and gameplay.
- Holders should expect no financial gain or real-world value.
- Stay tuned for exciting updates and upcoming developments from the Lemozi ecosystem.

Lemozi Test Token Whitepaper

6. Roadmap

Phase 1: Game Development - In Progress

Phase 2: Token Integration into Game - Coming Soon

Phase 3: Development of New Games - Coming Soon

Phase 4: Additional Features & Updates - Coming Soon

Phase 5: Further Expansion - Coming Soon

Phase 6: Community Engagement & More - Coming Soon

7. Conclusion

The Lemozi Test Token lays the groundwork for a dynamic gaming ecosystem. While it currently serves as a testing utility, the underlying platform and token mechanisms are designed to support future growth and immersive gaming experiences. We invite you to follow our journey as we bring new innovations to life.

Lemozi - Coming Soon!
